AFTER THE NAVY

The Naval Special Warfare/Naval Special Operations (NSW/NSO) communities value leadership, self-determination and organization. Employers in the military and civilian communities alike will value you as you mature in your field. Completing some of the most demanding training our country has to offer says that you have what it takes to accomplish any task an employer could throw your way. Careers within the NSW/NSO forces have comparable civilian counterparts that include anything from high-level security assessment to emergency medicine to Chemical-Biological-Radiological (CBR) protection and response. The opportunities are as numerous as they are rewarding.
